Dual-Licensed Program

Hillside is a fully integrated and dual-licensed (RTFA certified by OMHSAS and DDAP) rehabilitation program. Services include psychiatric evaluations, psychiatric follow-up, medication management and co-occurring group therapy. Staff utilize a trauma-informed approach in the development of treatment plans and group facilitation that assists clients with their co-occurring needs to accomplish personal and clinical goals.

Medication Assisted Treatment (MAT)

We educate, induct, and maintain clients on all forms of Medication Assisted Treatment (MAT) including Suboxone®, Vivitrol®, and Sublocade®. Physician approval is required for induction while in treatment.

Individualized Educational Tracks

Hillside offers an array of additional educational tracks that offer clients the opportunity to individualize their own treatment experience:

- » Relapse Prevention
- » Anger Management
- » CRS Services
- » Nutrition
- » Health & Wellness
- » Life Skills

Life Skills Program

Life skills specialists and clinicians collaborate to provide clients with effective guidance and instruction on topics such as financial management, job preparation, and communication skills. Outdoor and indoor recreational activities and community-based events allow clients to embrace life and have fun without the use substances. Clients learn the appropriate utilization of community resources with the goal of functioning productively in society free of drug and/or alcohol dependence.
