Pittsburgh Outpatient Substance Treatment Program for Juvenile Offenders

The Pyramid Healthcare Outpatient Program in Pittsburgh offers a continuum of effective and individualized substance use treatment options specifically designed for juvenile offenders ages 12-17.

What We Offer

- » Video or in-office treatment
- » Intensive Outpatient Program (IOP) for teens following completion of a residential program and/or with a history of significant substance use
- » Outpatient Program (OP) for lower risk teens with a history of minimal offenses
- » Co-occurring disorder (Dual Diagnosis) treatment
- » Individual, family, and group therapy
- » Urine drug screening

Payment Methods Accepted

- » Most private insurance
- » Medical assistance
- » County funding

We do not discriminate against any patient in relation to admission, treatment, discharge, continuing care or employment based on race, color, religion, creed, national origin, sex, disability (including limited English proficiency) or sexual orientation. We offer priority admission to at-risk populations including IV drug users, adolescents, women, women with children, veterans, overdose survivors and preferential treatment services to pregnant women. Pyramid Healthcare, Inc. employees and the public may contact the Commission on Accreditation of Rehabilitation Facilities to report any concerns or register complaints about a CARF accredited health care organization by calling (866) 510-2273 or by email at feedback@carf.org. Rev. June 2020.
