

Alumni Newsletter

December 2018

Thank you to everyone who came out to the last Alumni event! The Blessing Bags were a huge success. Not only did our clients and alumni put together these bags for those in need, we personally took them to those on the streets in the Bristol area. Congratulations to *Langhorne* in collecting the most donations! We thank you all for your generous donations and supporting a great cause!

With some of the leftover food donations, we were able to donate them to the *Libertae Family House in Bensalem, PA* for the women and children in their program!

Client Testimonials:

Before I came into Pyramid, I was broken and hopeless with no direction. Pyramid showed me how to be honest to myself and to others. When I first came in, I had no spiritual connection or self-connection. After working the program, I was able to get real with myself and find out what was keeping me sick. After continuous work on myself and with help from my counselor, I was able to get down to the root of my problems. I am grateful for everything Pyramid has provided me. I owe this program my life. – Brandon J.

I gained a lot of hope from Pyramid. I was treated with nothing but dignity and respect. - Felix N.

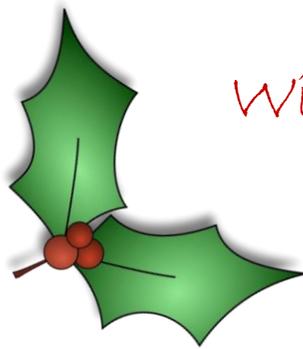

This place saved my life. Long-term treatment is where it is at. – Orlando C.

I think this was a great program and I would recommend to anyone. Staff in general is very helpful and caring. – Edwin T.

I have successfully completed the long-term program at Quakertown. My experience here has been very informative. The staff here is knowledgeable and practical. I really learned a lot about myself as well as the disease. I believe they provided me with the tools to be successful in recovery as well as my life. I am forever grateful for Pyramid and the Quakertown staff. – James T.

Pyramid saved my life. I came here with nothing. Communicating with people has blessed me with everything I have now. Also, it is a great feeling when you get in touch with your higher power and you feel a sense of freedom. Take your recovery seriously because who knows if you will get another chance at it. – Chris G.

Pyramid has helped me build a better structure and base plan for my recovery. I would say it is a very good place, and I am thankful I came here. – Michael S.

*Wishing everyone a
safe and happy
holiday season!*
